# Cybersecurity

- AI and Cybersecurity
- (ISC)² CCSP CBK Training Seminar
- (ISC)² CISSP CBK Training Seminar #
- (ISC)² CSSLP CBK Training Seminar
- (ISC)² SSCP CBK Training Seminar
- Cyber Security for ICT Professionals
- Cybersecurity Risk Awareness
- Data Governance & Protection
- Design Secure Mobile Architecture
- Developing Cybersecurity Architecture
- Essential Security of Smart Things
- Fundamentals of Cybersecurity
- IoT & 5G Security
- Managing Cybersecurity Risk
- Platform Security #
- Secure Software Development Lifecycle for Agile #

Digital Strategy & Leadership

- (ISC)² CCSP CBK Training Seminar
- (ISC)² CISSP CBK Training Seminar #
- (ISC)² CSSLP CBK Training Seminar
- (ISC)² SSCP CBK Training Seminar
- AI and Cybersecurity
- Certified Scrum Product Owner
- Business Agility Bootcamp
- Business Analysis for Agile Practitioners
- Business Process Reengineering
- Enterprise Architecture Practitioner Course
- Cyber Security for ICT Professionals
- Cybersecurity Risk Awareness
- Data Driven Decision Making
- Data Governance & Protection
- Design Secure Mobile Architecture #
- Developing Cybersecurity Architecture
- Digital Transformation Planning
- Essential Security of Smart Things
- Managing Cybersecurity Risk
- Platform Security #
- RPA and IPA - Strategy and Management #
- Secure Software Development Lifecycle for Agile #
- IoT & 5G Security
- Professional Certificate in Digital Agility & Change Leadership #
- Professional Certificate in Digital Business Strategy #
- Professional Certificate in Digital Governance #
- Professional Certificate in Digital Organisation Models #
- Professional Certificate in Innovation by Design #
- Professional Certificate in Mastering Digital Architecture #
- Professional Certificate in Managing Digitalisation Complexity #
- Professional Certificate in Strategic Thinking & Digital Foresight #
- Professional Certificate in Talent & Leadership Pathways #
- Robotic Process Automation using Excel Macros

Digital Agility

- Certified Scrum Product Owner
- Agile Testing
- Business Agility Bootcamp
- Business Analysis for Agile Practitioners
- Certified ScrumMaster
- Coaching for Agile Teams
- Essential Practices for Agile Teams
- Systems Thinking & Root Cause Analysis

StackUp – Startup Tech Talent Development

- Autonomous Decision Making With Reinforcement Learning
- Automating Infrastructure Provisioning and Configuration
- Containers for Deploying and Scaling Apps

Digital Products & Platforms

- Architecting Platforms as a Business #
- Digital Products Delivery
- Digital Product Management Bootcamp
- Digital Product Strategy #
- Managing Business Analytics Projects #
- Managing Digital Products #
- Product Thinking for Organisations
- Strategic Product Market Fit

Digital Innovation & Design

- Digital & Social Engagement Strategy
- Digital User Experience Design
- Innovation Bootcamp
- Service Design #
- Social Media Analytics
- Web Analytics & SEO

Data Science

- Advanced Customer Analytics #
- Advanced Machine Learning for Financial Services
- Analytics for Commercial Excellence #
- Big Data Engineering for Analytics #
- Campaign Analytics #
- Conversational UIs #
- Complex Predictive Modelling & Forecasting #
- Customer Analytics #
- Data Analytics Process and Best Practice II #
- Data Driven Decision Making
- Data Governance & Protection
- Data Management for Analytics #
- Data Science Solutions Implementation
- Explainable and Responsible AI for Finance
- Data Storytelling #
- Managing Business Analytics Projects #
- New Media and Sentiment Mining #
- Predictive Analytics - Insights of Trends and Irregularities #
- Processing Big Data For Analytics #
- Product & Pricing Analytics #
- Recommender Systems #
- Social Media Analytics
- Statistics for Business II #
- Statistics Bootcamp II #
- Text Analytics #
- Text Processing using Machine Learning #
- Web Analytics & SEO

Artificial Intelligence

- AI and Cybersecurity
- Autonomous Robots and Vehicles #
- Cognitive Systems #
- Conversational UIs #
- Human-Robot System Engineering #
- Intelligent Process Automation #
- Intelligent Sensing and Sense Making #
- Machine Reasoning #
- New Media and Sentiment Mining #
- Pattern Recognition and Machine Learning Systems #
- Problem Solving using Pattern Recognition #
- Real Time Audio-Visual Sensing and Sense Making #
- Reasoning Systems #
- Robotic Systems #
- RPA and IPA - Strategy and Management #
- Self- Learning Systems #
- Software Robots - Best Practices #
- Spatial Reasoning from Sensor Data #
- Text Analytics #
- Text Processing using Machine Learning #
- Visions Systems #

Software Systems

- Architecting Platforms as a Business #
- (ISC)² CISSP CBK Training Seminar #
- Agile Testing
- Architecting IOT Solutions #
- Architecting Software Solutions #
- Architecting Systems For Real Time Data Processing #
- Autonomous Decision Making With Reinforcement Learning
- Big Data Engineering for Analytics #
- Cloud Native Solution Design #
- Design Secure Mobile Architecture #
- Designing Intelligent Edge Computing #
- DevOps Engineering and Automation #
- DevOps Engineering and Automation with Security Enhancement
- Digital Product Strategy #
- Envisioning 5G IoT Solutions
- Essential Practices for Agile Teams
- Humanizing Smart Systems #
- Information Architecture for Data-Driven Insights #
- Object Oriented Analysis & Design
- Object Oriented Design Patterns
- Platform Engineering #
- Platform Security #
- Secure Software Development Lifecycle for Agile #
- IoT & 5G Security
- Managing Digital Products #
- Service Design #
- Graduate Certificate in Digital Solutions Development – Design #
- Graduate Certificate in Digital Solutions Development – Foundations #
- Graduate Certificate in Digital Solutions Development – Machine Learning Applications #
- Graduate Certificate in Digital Solutions Development - Mobile Applications #
- Graduate Certificate in Digital Solutions Development – Web Application #
- NUS Graduate Diploma in Systems Analysis #

Smart Health

- Digital & Social Engagement Strategy
- Digital User Experience Design
- Innovation Bootcamp
- Service Design #
- Social Media Analytics
- Web Analytics & SEO

NUS National University of Singapore | ISS EXECUTIVE EDUCATION

Stackable Programmes

The registered marks of respective organisations mentioned herein are marks of their respective owners.
