Upon attaining an unparalleled education at NUS-ISS, you will be part of an extraordinary alumni community of leaders and innovators. Being a part of a vibrant and engaged alumni community will further enhance the value of your qualification and enrich your professional network.

Admissions Criteria

All applicants must meet the following pre-requisites:

• Bachelor degree from a recognised university
• Proficiency in English Language (written and spoken)*
• Some work experience preferred

All applicants are required to apply online for our graduate coursework programme. Visit www.iss.nus.edu.sg/gdipsa to apply.

Come and find out more about the Graduate Diploma in Systems Analysis programme at our preview talks. Visit www.iss.nus.edu.sg/InfoSession for more details.

We conduct in-country aptitude tests and interviews in selected countries.

• Inland Revenue Authority of Singapore

Our Alumni Are Going Places

You can find GDipSA alumni in global companies like:

• Accenture
• Citibank
• Crimson Acrylic
• Ministry of Foreign Affairs
• James Walter Thompson
• KPMG
• OCBC Bank
• Ogilvy & Mather

About the Institute of Systems Science (NUS-ISS)

Established in 1981, the Institute of Systems Science at the National University of Singapore (NUS-ISS) develops digital talent for the industry through graduate education, professional development programmes, consultancy, applied research and career services. NUS-ISS is widely recognised as a champion of the national SkillsFuture movement, enabling a digital economy that is always learning and always leading.

NUS-ISS has implemented a unique portfolio of multiple learning pathways, with a wide spectrum of programmes in critical industry disciplines such as software development, data science, artificial intelligence, cybersecurity, smart health, digital government and digital innovation.

To date, over 120,000 infocomm & business professionals, 6,800 corporate customers and 5,500 postgraduate alumni members have benefited from NUS-ISS’s suite of services. Its programmes are delivered by ISS staff with an average of more than 20 years of industry experience.

About Other Programmes by NUS-ISS

• Master of Technology in Enterprise Business Analytics
• Master of Technology in Software Engineering
• Master of Technology in Artificial Intelligence

Other Graduate Programmes by NUS-ISS

Master of Technology in Enterprise Business Analytics

Available as Stackable Certificate Programme in Data Science

Master of Technology in Software Engineering

Available as Stackable Certificate Programme in Smart Systems & Platforms

Master of Technology in Artificial Intelligence

Available as Stackable Certificate Programme in Artificial Intelligence

Stackable Certificate Programme in Digital Solutions Development

The Graduate Diploma in Systems Analysis is also available as Stackable Certificate Programme in Digital Solutions Development. You will have 12 credit modules in total. If your Stackable Certificate in Digital Solutions Development is completed, you may opt to complete a capstone project and internship before being awarded the graduate diploma.

Visit www.iss.nus.edu.sg/stackable-programmes to find out more.
With innovation turning every business into a digital business, what are some potential ways you envision technology turning the world problems. Imagine being able to code your own mobile apps to make your job easier!

**GRADUATE DIPLOMA IN SYSTEMS ANALYSIS**

NUS-IS designed the GDIIPSA programme primarily for non-IT graduates to carve a new career in IT. But in recent years, many graduates have also joined the programme to sharpen their IT skills to meet the changing needs of the local industry.

**WHY CHOOSE GDIPSA?**

**STUDENT BACKGROUND**

- Engineering: 41%
- Science: 21%
- Business: 20%
- Arts: 18%
- Others: 3%

*If applicable, Pleasure, looking for a career.
