

28 August 2015 | 1pm - 7pm | Institute of Systems Science, NUS

Programme Schedule

Time	Presentation 1	Presentation 2	Presentation 3	Discussion 1	Discussion 2	Workshop 1	Workshop 2
1.00pm	Analytics Track How to avoid Big Mistakes in Big Data <i>By Dr Robert Firth, Senior Member, Software Engineering & Design, Dr Barry Shepherd, Senior Member, Intelligent Systems, and Dr Suriya Priya Asaithambi, Associate, Software Engineering & Design</i>	Development/Engineering Track How to Succeed in Hackathons <i>By Mr Charles Pang, Chief, Master of Technology (Knowledge Engineering) Programme</i>		Project Management Track Project Management - May the Agility be with you <i>By Mr Tan Liong Choon, Associate, Project Management</i>	Leadership Track Making \$ and ¢ of IT <i>By Mr Tan Tzann Chang, Member, Project Management</i>	Development/Engineering Track Agile Engineering Series: Designing while testing - an emergent design TDD code workshop <i>By Mr Irawan Yunghans, Associate, Software Engineering & Design</i>	
2.00pm	Leadership Track Start-up from the trenches: A Fireside Chat with Terence Swee, CEO and Co-Founder of Muvee <i>By Dr Leong Mun Kew, Deputy Director, NUS-ISS and Mr Terence Swee, CEO & Founder of Muvee</i>	Service Innovation & Design Track Digital User Experience: Lessons from everyday objects <i>By Mr Choo Zhi Min, Consultant, Service Innovation & Design</i>	Service Innovation & Design Track 5 Ways to Winning Customers via Social Media <i>By Mr Chia Han-Leon, Lecturer, Enterprise Social Business</i>	Analytics Track How to Serve Analytics on a Platter? <i>By Ms Catherine Khaw, Chief, Intelligent Systems Practice</i>	Graduate Programmes Track A Chat with Dr Esther Tan, Chief, Graduate Diploma in Systems Analysis (GDipSA) <i>By Dr Esther Tan, Chief, Graduate Diploma in Systems Analysis Programme</i>	Development/Engineering Track Agile Engineering Series: Pay off your Technical Debt with Refactoring <i>By Ms Swarnalatha Ashok, Chief, Master of Technology (Software Engineering) Programme</i>	
3.00pm	Leadership Track 360° Change Leadership <i>By Ms Tamsin Greulich-Smith, Member, IT Strategy & Management</i>	Development/Engineering Track The Great Escape <i>By Mr Lee Chuk Munn, Member, Software Engineering & Design</i>		Project Management Track Risk Business of Projects - Survival Guide <i>By Mr Richard Tan, Member, Project Management</i>	Development/Engineering Track The Antikythera Machine <i>By Dr Robert Firth, Senior Member, Software Engineering & Design</i>	Analytics Track Customer Analytics <i>By Dr Guo Lei, Associate, Service Innovation, and Mr Aditya Shankar, Principal Software Engineer, Intelligent Systems</i>	Development/Engineering Track (1st Run) iOS Application the SWIFT Way <i>By Mr Ouh Eng Lieh, Associate, Software Engineering & Design, and Mr Chia Yuen Kwan, Associate, Software Engineering & Design</i>
4.00pm	Analytics Track Data-Driven Healthcare: The Opportunities & Challenges <i>By Dr Carol Anne Hargreaves, Chief, Master of Technology (Enterprise Business Analytics) Programme</i>	Project Management Track From Project-Driven to Product-Driven Business <i>By Mr Lee Boon Kee, Member, Project Management</i>		Development/Engineering Track Agile Engineering Series: Designs like Experts, with Design Patterns <i>By Mr Heng Boon Kui, Associate, Software Engineering & Design, and Ms Swarnalatha Ashok, Chief, Master of Technology (Software Engineering) Programme</i>	Project Management Track (4-5) Stand out from the Pack with Business Process Reengineering Skills - for IT Professionals & Business Analysts <i>By Mr Yu Chen Kuang, Member, Business Analysis</i>	Leadership Track Horizon Scanning - A Hands-on Workshop <i>By Mr Samuel John Cammiss, Associate, Service Innovation</i>	Development/Engineering Track (2nd Run) iOS Application the SWIFT Way <i>By Mr Ouh Eng Lieh, Associate, Software Engineering & Design, and Mr Chia Yuen Kwan, Associate, Software Engineering & Design</i>
5.00pm	Service Innovation & Design Track (Audi) Why Digital Service Innovation & Design is your Only Strategy to Success <i>By Mr Stuart Smith, Chief, Service Innovation & Design</i>	Leadership Track IT Governance - More than a Buzzword <i>By Mr Nicholas Tan, Member, IT Strategy & Management</i>	Leadership Track How to train your DRAGON? <i>By Mr Vincent Lau, CTO, PayWhere Pte Ltd</i>	Development/Engineering Track Agile Engineering Series: Stretching Agile: In Conversation <i>By Mr Sharan Mangalore, Associate, Software Engineering & Design</i>		Project Management Track The Marshmallow Challenge <i>By Mr Michael Tan, Associate, Business Analysis</i>	
6.00pm	Project Management Track Why All IT Professionals should know IT Service Management <i>By Mr Goh Boon Nam, Chief, IT Service Management</i>	Development/Engineering Track IoT with II <i>By Dr Derek Kiong, Member, Software Engineering & Design</i>					
7.00pm	Graduate Programmes Track Preview Talk (KE/SE) <i>By Ms Swarnalatha Ashok, Chief, Master of Technology (Software Engineering) Programme</i>			Graduate Programmes Track Preview Talk (EBAC) <i>By Dr Carol Anne Hargreaves, Chief, Master of Technology (Enterprise Business Analytics) Programme</i>	Graduate Programmes Track Preview Talk (ITL) <i>By Ms Lim Hooi Ling, Chief, Master of Technology (IT Leadership) Programme</i>		

* All sessions are between 45-50 minutes. Programme is subjected to changes. Last updated on 18 August 2015..
